

## Year 5/6 Project Homework- Muslim religion of Islam for Week 5 and 6

This project will be carried out each afternoon from Monday to Friday. After you have completed all the tasks you will combine your homework and make it into a project/booklet. You will then share your findings with our class. Your project is based on Islam. You will be finding information from secondary sources of information. Take a look at the following guide to help you complete your project. Ensure you spread the workload over the course each afternoon, so you can produce a high-quality product by the time you return to school. We had begun to study the religion of Islam before school ended, use the internet site BBC Bitesize to help you as well. Your project will need to include:

- A front cover (title and your name)
- Contents and index page, possibly a glossary
- 5 pieces of work (see below for details)
- Photographs and illustrations. Suggestions for each week (only a guide):
  - An introductory page that orients the reader about the project
  - Research information about the religion such as a significant book, who do Muslims worship, how does a Muslim show their Islamic faith in everyday life? As well as information about significant buildings, places of pilgrimage etc.
  - Sketch an artefact from the Islamic Faith. Annotate around the artefact sketch what its significance is to the religion.
  - Research Islamic art and make your own art piece.
  - Make your own Islamic place of worship.
  - Interesting facts – facts that you have found that you think no-one else will have found
  - Where in the world is the Islamic Faith followed, a map identifying the different countries would be great here.

Your project will need to have a combination of typed and hand-written work. Remember to keep your work clear, informative and well presented. It should be visual and interesting for the person reading it. We look forward to seeing your project!
