

With thankfulness, courage and love,
we strive to improve heart and mind.

At Chilton Foliat Primary School we honour our educational heritage, supported by a strong Christian ethos. We strive to provide a diverse education that inspires children to develop a thirst for knowledge. This is delivered in a safe, supportive and nurturing environment promoting self-discipline, motivation and excellence in learning. We encourage strong partnerships and positive relationships amongst pupils, parents, carers and the wider community.

Spiritual, Moral, Social and Cultural Policy

Intent

At Chilton Foliat School we recognise that the pupils' spiritual, moral, social and cultural development (SMSC), will play a significant part in their ability to learn and achieve. We therefore aim to provide an education that allows pupils the opportunity to explore and develop their own values and beliefs. Similarly, we strongly support pupils' development of their own spiritual awareness as well as their understanding of other diverse social and cultural traditions. We encourage high standards of behaviour and the adoption of a positive and caring attitude towards others.

Implementation

Christian spirituality and Christian values and principles will be explored in all curricula areas, especially in RE/ Collective worship, but the integrity and spirituality of pupils from other faith backgrounds will also be respected and explored. The diversity of spiritual traditions will be recognised and pupils will be given access to alternative views.

All adults will model and promote expected behaviour, treating all people as unique and valued individuals whilst showing (Christian) love and respect for both pupils and their families.

The school community will be a place where pupils can find acceptance for themselves as unique individuals, and where forgiveness and the opportunity to start

Jesus said, "Everyone who drinks of this water will be thirsty again, but whoever drinks the water I give him will never thirst". John 4:13

again is fundamental to the ethos of the school.

Pupils should learn to differentiate between right & wrong in as far as their actions affect other people. They will be encouraged to value both themselves and others.

Pupils should understand the need for rules and the requirement to abide by those rules for the good of everyone. School and classroom rules should reflect, reiterate, promote and reward acceptable behaviour, whilst providing the opportunity to celebrate the work of pupils, as well as their achievements.

All areas of the curriculum should endeavour to use illustrations and examples drawn from a wide a range of cultural contexts as possible. This will be reflected in the teacher's planning, teaching and pastoral care. This will result in:

- Ensure a consistent approach to the delivery of SMSC issues through the curriculum and the general life of the school.
- Guaranteeing a pupil's education is set within a context that is meaningful and appropriate to their age, aptitude, and background.
- Assuring that all pupils know what is expected of them and why.
- Providing each pupil, a range of opportunities to reflect upon and discuss their beliefs, feelings and responses to personal experience.
- Enabling pupils to develop an understanding of their individual and group identity.
- Encouraging all pupils to begin to develop an understanding of their social and cultural environment and an appreciation of the many cultures that now enrich our society.
- Providing each pupil, the opportunity to explore social and moral issues, and to develop a sense of social and moral responsibility.

Spiritual Development

Chilton Foliat Church of England VA Primary School – Definition of Spirituality

"Our spiritual quest is to grow hearts and minds, to understand ourselves better and our place and purpose in the world. Allow ourselves to wonder and question deeply, without judgement or barrier and understand how the world in all its beauty can change us for the better."

As a school we aim to provide learning opportunities that will enable pupils to flourish as they:

- Sustain their self-esteem in their learning experience.
- Develop their capacity for critical and independent thought.
- Foster their emotional life and express their feelings.
- Experience moments of stillness and reflection.
- Discuss their beliefs, feelings, values and responses to personal experiences.
- Form and maintain worthwhile and satisfying relationships.
- Reflect on, consider and celebrate the wonders and mysteries of life.

Jesus said, "Everyone who drinks of this water will be thirsty again, but whoever drinks the water I give him will never thirst". John 4:13

Supported by our Christian Vision and Values, we promote the moral, social and cultural development of all pupils giving them aspiration for themselves and hope for the communities of which they are a part.
